The Examining Attorney refused registration of Applicant's ATTITUDE EYEWEAR (STYLIZED) for "Eyewear; Eyewear accessories, namely, straps, neck cords and head straps which restrain eyewear from movement on a wearer; Eyeglass cases; Eyeglass frames; Eyeglasses; Sunglasses" on the basis of likelihood of confusion with the registered mark ATTITUDE for eyeglass lenses. Although the marks and the goods are similar, the marks are not likely to be confused by consumers because the channels of trade are entirely distinctive and the consumers of the registered goods are highly sophisticated.

Registrant is a manufacturer of a sophisticated specialty product -- eyeglass lenses -- that are marketed and sold to optometrists and similar eye professionals. Registrant exhibits its products at trade shows and its products are manufactured at optometric labs. *See* Registrant's web site, submitted herewith. Because these consumers are highly educated in this field and deal on a one-to-one basis with Registrant as the manufacturer of these goods, there is little chance, much less likelihood, that the consumers are likely to not know with whom they are dealing.

Applicant's consumers are the retail end users of value priced eyeglass frames and eyeglasses. Accordingly, there is no overlap whatsoever between the consumers of ATTITUDE lenses and ATTITUDE EYEWEAR sunglasses, eyeglasses, and accessories.

The cited mark, consisting of the word ATTITUDE alone, is diluted. The USPTO has registered other marks that include the term ATTITUDE for the goods identical to Applicant's goods. See MISS ATTITUDE, U.S. Reg. No. 2934000, is registered for sunglasses; AMERICAN ATTITUDE, U.S. Reg. . 3319929; REAL LIFE UV PROTECTION WITH ATTITUDE LYNN ROBERTS INTERNATIONAL, U.S. Reg. No. 2863967. The mark POSITIVE ATTITUDE, U.S. Ser. No. 77/646653, is pending for "eyeglasses, sunglasses, magnifying glasses; eyeglass frames and lenses, eyeglass accessories, namely, cases and chains" and has been approved for publication. Copies of the TESS records are submitted herewith. The coexistence of the above marks, containing the word ATTITUDE, for similar goods proves that the cited mark is diluted and no party should have the exclusive right to use the word ATTITUDE. A search of the USPTO database for registrations in International Class 025, containing goods highly related to Applicant's goods, reveals 65 registered marks that consist of or contain the term ATTITUDE. The search result is submitted herewith.

If registrations for similar marks owned by more than one registrant are found, the extent to which dilution may indicate that there is no likelihood of confusion should be considered. TMEP §1207.01(d)(x). Applicant's mark, in its entirety, is not likely to cause confusion with the cited mark and should be allowed to coexist with the cited mark and the other third party marks referenced above. Finally, third party registrations indicate the willingness of the USPTO to register marks that include the term ATTITUDE for similar because U.S. consumers recognize the differences between the marks.

For these reasons, Applicant respectfully urges that the final refusal be reversed and its mark be allowed.
